Geography: Dhunat at Bogra District.

Donor: Bureau of Non-Formal Education

Project Period/Duration: July 2017 to June 2019.

Target participants/people: 18,032

Budget: BDT.88,40,600/-

Project overview: Education is an important factor for sustainable development and it is considered as vital for improving living standard. Non- Formal education and skill development is considered as a process of empowerment. Despite the immense importance of education, a large number of people are still illiterate in Bangladesh. To eradicate this situation, Basic Literacy Project (64 district) is designed to provide Basic literacy and Skills to adolescents and adults of the 15-45 age group from marginalized and hardcore poor households who will receive non formal education. Its coverage area is 250 selected upazilas of the country's 64 districts. Under this project, Association for Development and Social Work has implemented these activities in Dhunat under Bogra District July 2017 to June 2019. Association for Development and Social Work runs 300 centers under this project. 300 appointed teachers worked for 600 batches under 15 supervisors. Total 18,032 (9,400 males & 8,632 female) number of beneficiaries has got non-formal education and skill development training through this project.

Goal & Objectives: To provide basic literacy and skills to 18,032 illiterate adolescents and adult of 15-45 age group. To contribute to the eradication of illiteracy from the country as well as achieving global and national education for all (EFA) goals as envisioned in the national plan of Action(NPA)-ii and the sixth five years' plan. To strengthen the capacity of BNFE and other agencies involved in non-formal education. To promote GO-NGO and community collaboration in NFE.
